### **2019 Election Results and Voter Turnout Statistics, 1999 – 2019**

This book has three parts. Part One contains the detailed results of the 2019 bencher election. Part Two contains statistical data on voter turnout for the years 1999 to 2019. Part Three sets out detailed statistics on the voters who cast ballots in the 2019 election.

#### **Avant-propos**

### **Résultats des élections 2019 et statistiques sur la participation au scrutin, 1999 – 2019**

Ce manuel est divisé en trois parties. La première contient les résultats détaillés des élections des membres du Conseil de 2019. La seconde contient des données statistiques sur la participation électorale pour les années 1999 à 2019. La troisième partie présente des statistiques détaillées sur la participation électorale en 2019.

#### **Première partie**

Les renseignements contenus dans la première partie donnent le nombre total de votes et le pourcentage des votes déposés pour chaque candidat et candidate, par région électorale et par l'ensemble des membres. Les noms des candidats sont donnés par ordre de classement. Pour chaque région, la liste des candidats de l'extérieur de Toronto apparaît en premier, suivie de la liste des candidats de Toronto.

## **Seconde partie**

Les renseignements de la seconde partie donnent des données statistiques sur la participation au scrutin selon le genre, l'année de naissance, l'année d'assermentation, la taille du cabinet, l'état de membre de même que la région électorale et géographique. Les données pour les élections des membres du Conseil de 1999 à 2019 sont incluses. Lorsque possible, des données sur les élections de 1987 sont également incluses.

## **Troisième partie**

La troisième partie traite spécifiquement des élections des membres du Conseil de 2019 et présente des statistiques sur la participation électorale selon le genre, l'année de naissance, l'année d'assermentation, la taille du cabinet, l'état de membre de même que la région électorale et géographique.
