

Doctor of Laws, honoris causa, April 15th, 1988

Laura Legge

---

Mr. Treasurer -

May I present to you and to this Convocation Laura Louise Legge, and request that you confer upon her the degree of Doctor of Laws honoris causa.

A determination and capacity for work rooted in a rural upbringing conjoined with a formidable intellect marked her for recognition firmly based on years of skillful and diligent service. Her humane and compassionate nature, spiced with a zeal for justice, found expression in the quiet application of her considerable talents to the day to day responsibilities of a practising lawyer. Her service to her clients and to the community is founded on a deep commitment to the concept that one should, to the best of one's ability and means return to society the benefits one has received from it.

As a solicitor, as a Benchler and Treasurer of the Law Society and as a member of numerous community organizations, she exemplifies the highest standards of our profession and is truly deserving of the honour which I now ask you, Treasurer, to bestow upon her.
